1. Revenue risk is high*	<input type="checkbox"/>	<input type="checkbox"/>	*Provide explanation in "Comments" below.
2. Is submission complete and provides sufficient detail for review?	<input type="checkbox"/>	<input type="checkbox"/>	
3. Professional assessments and/or reports (i.e. Terrain Stability Field Assessment or equivalent) reviewed?	<input type="checkbox"/>	<input type="checkbox"/>	
4. Geometric road design including plans, profiles & x-sections reviewed?	<input type="checkbox"/>	<input type="checkbox"/>	
5. Volumes, mass haul volume reports/movements and diagrams reviewed?	<input type="checkbox"/>	<input type="checkbox"/>	
6. Summary report for all drainage and major structures reviewed?	<input type="checkbox"/>	<input type="checkbox"/>	
7. Construction equipment rates reviewed and verified?	<input type="checkbox"/>	<input type="checkbox"/>	
8. All unit costs reviewed and reasonable?	<input type="checkbox"/>	<input type="checkbox"/>	
9. Productivity rates and site factors reviewed and reasonable?	<input type="checkbox"/>	<input type="checkbox"/>	
10. Has the principle of "least cost" been applied?	<input type="checkbox"/>	<input type="checkbox"/>	
11. Should this ECE project or portions thereof be red-flagged to Compliance & Enforcement?	<input type="checkbox"/>	<input type="checkbox"/>	
12. Are there any temporary structures?	<input type="checkbox"/>	<input type="checkbox"/>	

I have completed a review of the noted Engineering Cost Estimate (ECE).

In my opinion, for appraisal estimating purposes:

- The ECE submission is in general conformance with the requirements of the Interior Appraisal Manual (IAM);
- The supporting documents of the ECE are sufficient in scope and completed to a generally acceptable standard;
- The submitted costs and sum total are within generally acceptable estimating limits for appraisal purposes.
