* = For the Bands with an asterick in the column: the woodlot licensees are not to refer Forest Development Plans and Woodlot Licence Plans at this time for various reasons. However, please note that these bands potentially have interest areas that overlap this woodlot. (For example, in an effort to efficiently manage their capacity/workload priorities, some bands have asked to receive woodlot information through an annual notification list provided by MoFR instead of through a detailed referral).

cc = provide a copy of the letter sent to the Bands to the Tribal Council or Association.

Web site: <http://www.for.gov.bc.ca/dka/DistrictPoliciesProcedures/TableofContents.htm> and scroll down to "Woodlots" for: 1) the address list for First Nations potentially overlapping Kamloops Forest District; 2) the MoFR Woodlot consultation letter MoFR requests be sent with your referral to provide efficiencies to the process; and 3) the Woodlot/First Nations Spreadsheet.
