Description: Lisbon Lake is a popular fishing lake. It is one of the few lakes, in the Cranbrook area, accessible by mountain bike, ATV or snowmobile. A trail extends another kilometer along the north shore of this unusually long, narrow lake, giving access to the entire length of the lake for those willing to walk.

Access: Commencing in Cranbrook, at the junction of Hwy 3/95 and Hwy 95A, follow Hwy 95A for 14.1 km to Wycliffe. Turn south (left) onto the "Wycliffe Park Road". Proceed 1.9 km, crossing the St. Mary River, to the junction of "Wycliffe Park Road" with "Wycliffe Road". Turn south (right) onto "Wycliffe Road", follow this road for 0.8 km to its junction with the "Perry Creek Road". Turn west (right) onto "Perry Creek Road" and set your odometer to "0". This is a good 2 wheel drive, gravel road. At 2 km this road is signed "St. Mary River Road". Follow this road to a junction at 3.7 km, where it splits into the "Perry Main Road" to your left and the "St. Mary River Road" to your right. Take the left fork, onto "Perry Main Road" and reset your odometer to "0". Keep an eye on your odometer as you proceed up "Perry Main Road". At 1.9 km stay right on "Perry Main Forest Service Road", crossing Perry Creek. At the 7km road marker, turn right onto a side road and reset your odometer to "0". At 0.5 km take the left fork in the road. Continue up Antwerp Creek, through a scenic canyon for 3.7 km. Park in the wide spot on the right hand side of the road. The trail to Lisbon Lake begins 50 m back down the road, on the uphill side of the road, and follows an old roadbed. There is no trailhead sign.
