

Protocol to Request New Invasive Plant Species Addition to the IAPP Application

Approved by IMIPWG May 26, 2009

To request the addition of an invasive alien plant species to the IAPP Application, the requestor must confirm the species is non-native to British Columbia and supply the following to the IAPP Administrator at IAPP.Admin@gov.bc.ca :

- 1) Common and Latin name of species proposed for inclusion;
- 2) Reason for the request;
- 3)
 - a) information on the invasiveness of the species in BC;
or if not available,
 - b) information on the invasiveness of the species in adjoining jurisdictions.

Your request will be reviewed by the IAPP Administrator and forwarded to the Inter-Ministry Invasive Plant Working Group for consideration. You will be informed of their decision.
