Subject: 2007-08 Maintenance Funding Policy

Attachments: 2007-08-Funding-Policy-Rd-&-Struc.doc; 0708-SP-Sheet-May8_07-Prov-Rollup.pdf

On behalf of Brent Case and Doug Kelly (both co-chairs of BA 5 Engineering), please find attached a copy of the **2007/08** fiscal funding policy for Road & Structure Maintenance, Road Deactivation and Road Closure. Also attached is the BA 5 Service Plan spreadsheet 2007/08 with final regional allocations noted. A digital copy of the policy and spreadsheet can be found at http://www.for.gov.bc.ca/hth/engineering/ba_serviceplan.htm.

The only change from last years funding policy is reference to the *Timber Reallocation Road Funding Policy*. For fiscal 2007/08, the direction for priority ranking and use of timber reallocation road funding is provided in a separate document available at <http://gwww.for.gov.bc.ca/hth/engineering/reallocation.htm>.

The ministry's BA 5 Team developed the policy and spreadsheet with input from district and regional staff. If you have any questions with regard to the content of the policy, please discuss with members of the BA 5 Team, which include your Regional Engineering Officers – Dan Robek, Tracey Raume (Acting) and Brent Case (co-chair), as well as Brian Chow, Andrew Davies, Brian Hawrys, Doug Kelly (co-chair), Vince Sewell, Rob Babiarz, and Ron Donnelly.
