BCIT VRI Timber Training and certification March 12 to 16, 2007

The course is 3 days of classroom and field demonstration and practice. This is **NOT** the full 6 day VRI training course but rather a "tune up" opportunity for qualified cruisers who are familiar with the VRI procedures but lack operational experience in establishing VRI plots. The VRI certification follows the training session.

VRI Timber Training "tune up"		$750(full 3 days)
Monday March 12	8:00 – 4:00	
Navigation, Plot establishment And Inventory cruising		$250
