

Download Entire Provincial Vegetation Resources Inventory Veg Composite Polygon Layer Rank 1 Dataset

The following describes how to instruct new users to download the entire provincial vegetation resources inventory veg composite polygon rank 1 layer spatial database as a single file geo database.

1) Open a Internet Explorer or Firefox browser window. Enter either web address:

a) <https://apps.gov.bc.ca/pub/dwds/home.so>

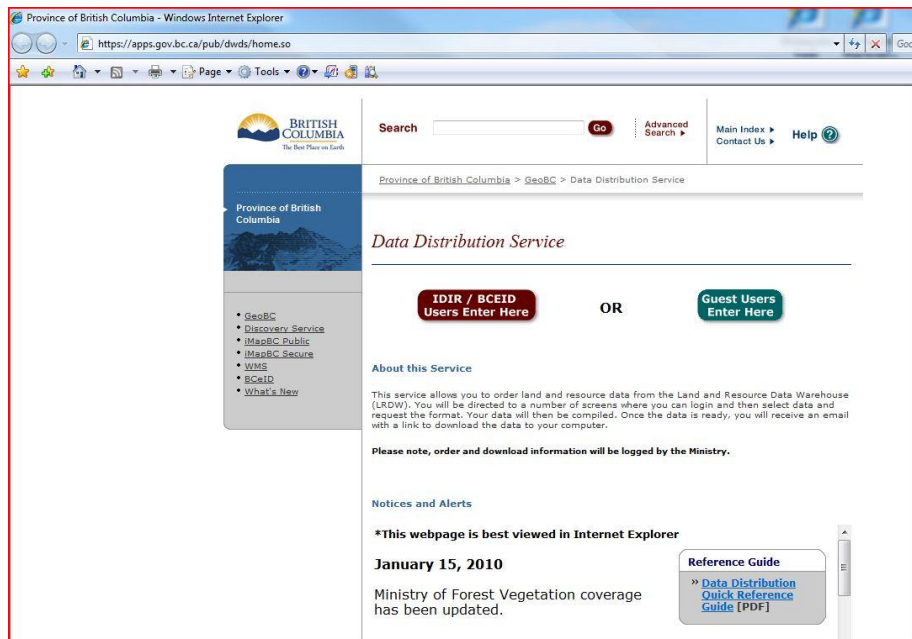

b) www.lrdw.ca

i) When the Integrated Land Management Bureau page appear, go to the middle of the page under “**Download Data**”;

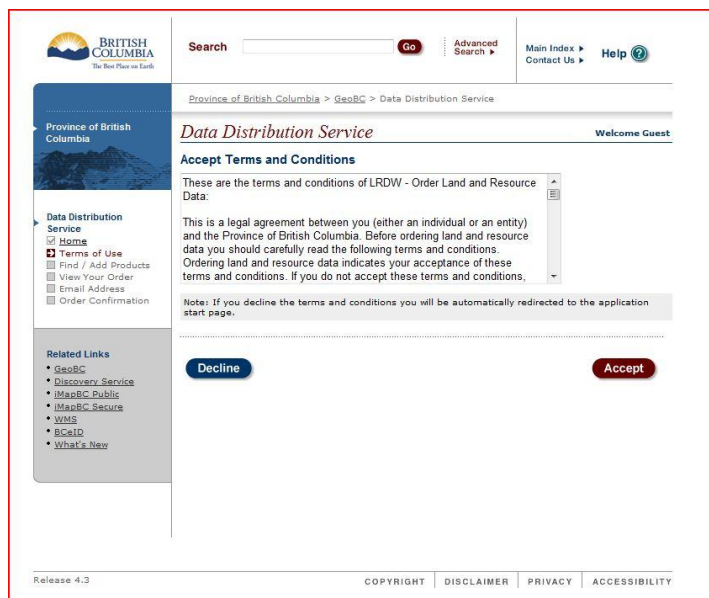

ii) Click on the link <https://apps.gov.bc.ca/pub/dwds/home.so>

The screenshot shows the website for the Integrated Land Management Bureau (ILMB). The page is titled "Land and Resource Data Warehouse" and features a banner image of a mountain landscape. The main content area includes a welcome message, a description of the LRDW as a corporate repository, and sections for "What's New", "Discover Data", and "Download Data". The "Discover Data" section provides a link to the Discovery Service at <https://apps.gov.bc.ca/pub/geometadata/home.do>. The "Download Data" section mentions the Distribution Service. The left sidebar contains navigation links for "B.C. Home", "Agriculture and Lands", "Integrated Land Management Bureau", "FrontCounter BC", "GeoBC Gateway", and "GeoBC Service Desk". The right sidebar includes "E-Services" with links to "Base Map Online Store", "Discovery Service", "Download Land and Resource Data", "Integrated Land Resource Registry", "iMapBC - Make a Map", and "iMapBC Tutorial". There are also "Related Links" and "Natural Resource Sector Partners" sections.

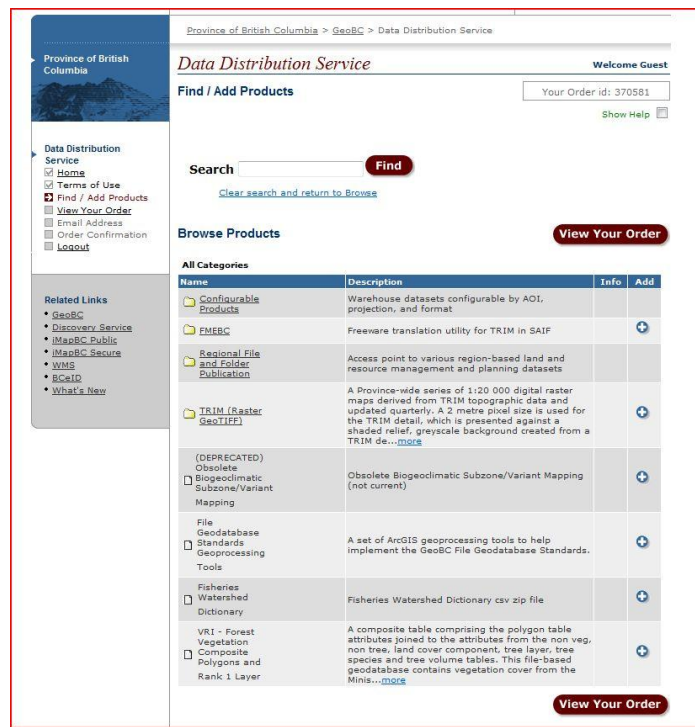

2) Click on “**Guest Users Enter Here**” button or use your BCEID/IDIR;

3) Accept Terms and Conditions page will appear. Click on the “**Accept**” button;

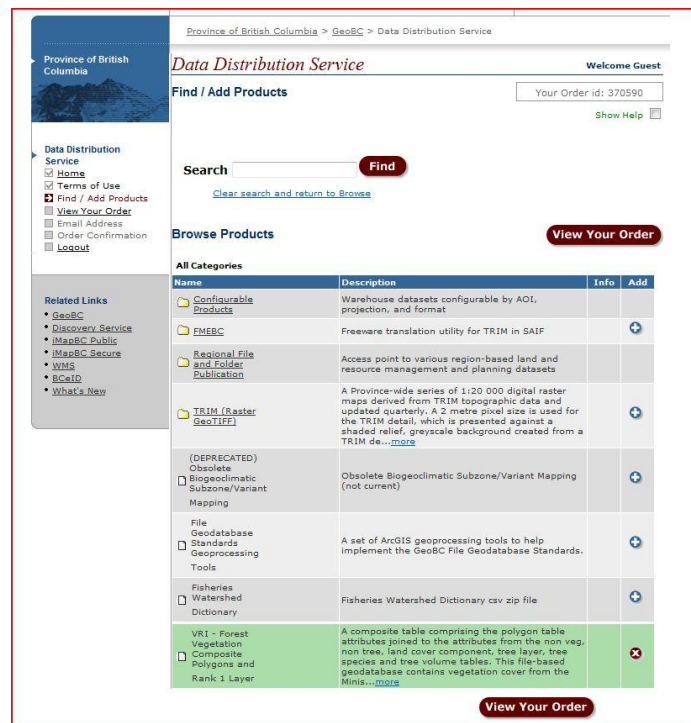

4) On the “**Find/Add Products**” page and under the “**Browse Products**” heading, go to the last choice on the list.

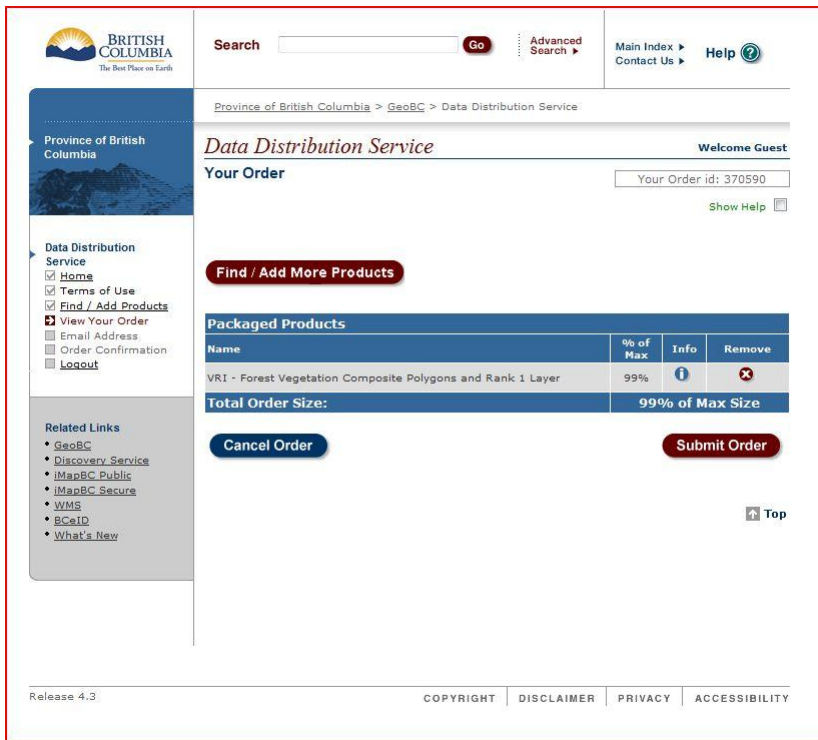

5) The topical heading should read as follows:
“VRI - Forest Vegetation Composite Polygons and Rank 1 Layer”

- Click the  icon on the far right of the description.
- The selection will process your order by adding it to your cart.

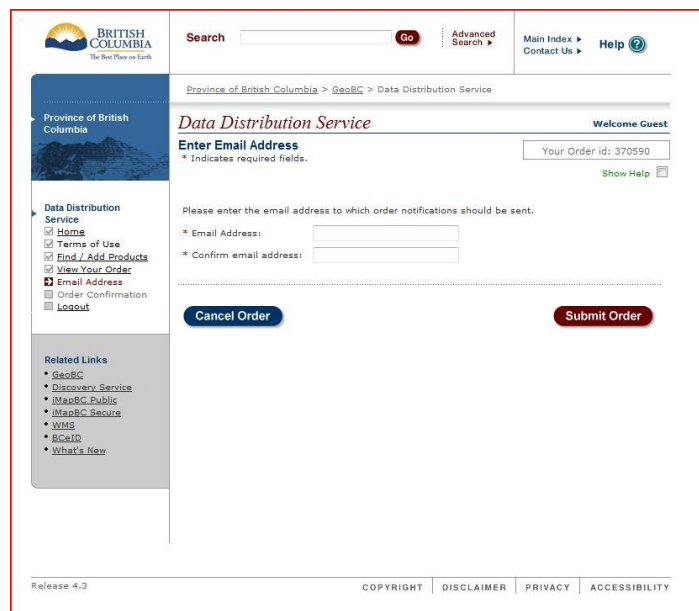

- Click on the **“View your Order”** button.
- On the **“Your Order”** page, under the **“Packaged Products Name”** heading **“VRI – Forest Vegetation Composite Polygons and Rang Layer”**.

8) Click on the **“Submit Order”** button to complete your order.

9) The Email page will appear. Enter your email in the appropriate boxes (email address and confirm email address). If you have used your BCEID or IDIR you are automatically logged in and this is completed for you.

10) The order id number and link will be sent to your email. Follow instructions to download the file.
