

## What's New for Version 2.13.01 - August 2007

The following recent upgrades have been made to the ECAS application:

### Category 1 - Fixes & business validation refinements

<b>Interior Attachments (ECAS70)</b>	Fixes to attachment screen errors when multiple .zip files are attached.
<b>Interior Acknowledgements (ECAS61)</b>	Corrected bug on Acknowledgement screen when submitting a woodlot road management cost. A warning now appears to correct the management cost before allowing the submit to complete. Error message no longer appears.
<b>Coast and Interior Reference Info. screens (ECAS30 and ECAS60)</b>	Delete Appraisal button does not error off when comments exist.
