

## **Working Roundtable on Forestry January 27, 2009 Meeting Summary**

The meeting of the Working Roundtable on Forestry began with the introduction of John Dyle, the new Deputy Minister, Ministry of Forests and Range and new ex-officio member of the Working Roundtable on Forestry.

The Working Roundtable reviewed the schedule for completing its report and discussed ways of reflecting different views on issues where there were different perspectives. The group deliberated on how best to ensure that First Nations ideas and issues are effectively dealt with in the report. The members of the Roundtable spent the balance of their meeting reviewing a number of potential recommendations for their report, and potential timing of its release.

The Roundtable agreed to meet again in the middle of February.
