

Working Roundtable on Forestry November 7, 2008 Meeting Summary

The eighth meeting of the Working Roundtable on Forestry began with a discussion of the schedule for completing the group's report to Government, and a discussion of a draft outline of the report.

The Working Roundtable approved the summary of their October 3rd meeting.

Both the Cost Structure & Capital Investment Working Group and the Tenure and Pricing Working Group summarized their work and presented their draft recommendations to the Working Roundtable for discussion.

The Working Roundtable continued its discussion of its vision for the forest industry and supporting principles.

The Working Roundtable reviewed recommendations contained in submissions made to the Roundtable, and identified some outstanding items remaining for their deliberations.
