To: District Managers  
Coast Forest Region

**Re: Cruising Requirement for Community Forest Agreements**

Community Forest Agreements are being appraised using tabular stumpage rates as per section 7.2 of the Coast Appraisal Manual. Since tabular rates are being used for Community Forest Agreements the requirement to cruise for appraisal purposes is unnecessary.

Therefore, as per Section 9.1.2 of the Cruising Manual, I hereby exempt the holders of Community Forest Agreements from the requirement to cruise their cutting authorities.
