

The following information is current as of	July 25, 2018
Incident name and number	Mount Eneas (K51264)
Incident Commander	Glen Burgess
Contact information	Information Officer: Noelle Kekula Phone: 250-319-4815 Email: noelle.kekula@gov.bc.ca Hours: 8:00 a.m. – 8:00 p.m. only Media Contact: Marla Catherall Email: marla.catherall@gov.bc.ca Phone: 250 819-4191 Hours: 8:00 a.m. – 8:00 p.m. only
Fire camp	Okanagan Complex Fire Camp
Incident overview	1793 hectares in size (estimated) 97 personnel on site (82 BCWS and 15 contract). Air support, as required. 9 helicopters are assigned to the complex. This wildfire is classified as out of control
Weather forecast	Today: Mainly sunny MAX TEMP: 30° to 34° MIN RH: 15% to 30% WINDS: NW 20-30 G 45 km/h CHANCE OF LIGHTNING / DRY LIGHTNING: low
Fire behaviour prediction	Anticipate increased fire behaviour in all fuel types compared to yesterday where the winds materialize. Expect fire spread to be slope driven unless terrain is less than 30% slope. If winds are as strong as forecast then fire can spread across slope now. Fire spread <u>caused by winds</u> will generally be in a southerly direction. The Garnet valley is currently getting lighter winds than those that occur in the main Okanagan valley. This is expected to continue. RH's will be +/- 10-15% higher in the Garnet valley
Challenges	This wildfire is in close proximity to the highway. Public interest is high and slowing traffic is an issue.
Yesterday's achievements	Crews focused their efforts on the north side over to the east side, as well as patrolling the south end.
Today's objectives	Crews are continuing to establish control lines and to continue to build hose line from the north to south sides of the fire. Crews that are on night shift are continuing to extinguish hot spots and patrol.
<p>Out of Control: Describes a wildfire that is not responding (or only responding on a limited basis) to suppression action, such that the perimeter spread is not being contained.</p> <p>Being Held: indicated that (with the resources currently committed to the fire) sufficient suppression action has been taken that the fire is not likely to spread beyond existing or predetermined boundaries under the prevailing and forecasted conditions.</p> <p>Under Control: The fire has received sufficient suppression action to ensure no further spread of the fire.</p> <p>Out: The fire has been extinguished.</p>
