Dear: Reg Trapp

Under the authority of Section 9(c) of the Road Regulation under the Forest Act, I authorize the erection of a traffic control device to close the Kate Creek Forest Service Road – 0951.0 and the Mable Lake Forest Service Road - 1111.01 from 8 km to 59 km to recreational traffic for the purpose of public safety.

This authorisation will only be in effect while Wildfire Management Services requires the partial closure for the purposes of fire control.

Any amendment to this letter, issued by this office, will form an integral part of this authorisation.

Yours truly,

Kimm Magill-Hofmann, RPF
A/District Manager
Okanagan Shuswap Resource District
