## Canadian Cataloguing in Publication Data

Main entry under title:  
Ecosystems of British Columbia

(Special report series, ISSN 0843-6452 ; no. 6)

Includes bibliographical references: p.  
ISBN 0-7718-8997-6

1. Forest ecology - British Columbia. 2. Bio-climatology - British Columbia. 3. Biogeography - British Columbia. I. Meidinger, Dellis Vern, 1953- . II. Pojar, Jim, 1948- . III. British Columbia. Ministry of Forests. IV. Series: Special report series (British Columbia. Ministry of Forests) ; no. 6.

Copies of this and other Ministry of Forests titles are available from Crown Publications Inc., 546 Yates Street, Victoria, B.C. V8W 1K8.

## **ACKNOWLEDGEMENTS**

Numerous individuals contributed to this report, including not only the authors of the separate sections (see “List of Authors and Affiliations”), but also their associates who have helped over several years in the research on which the report is based. All the authors are or were employed in the B.C. Ministry of Forests research program or the B.C. Ministry of Environment Wildlife Branch. Useful reviews were provided by colleagues in these groups. For example, Andy MacKinnon and Ted Lea reviewed the entire manuscript; wildlife sections were reviewed by Andrew Harcombe, Chris Dodd, Bill Munro, and Dave Clark. External review of many of the wildlife sections was provided by Wayne Campbell and Keith Moore, and Chris Clement reviewed the zone description chapters. Kamil Apt and Ted Murray reviewed the recreation comments; and Dennis Demarchi reviewed the range use information and the first four chapters.

The wildlife lists were the work of Peter Holmes, who compiled the first draft from the Wildlife Branch Sub-Regional Habitat Maps, and Bill Harper, who completed the tables and provided the overall technical guidance. Bill Harper also edited all sections dealing with wildlife.

The production of the final printed manuscript also involved many individuals. Louise Gronmyr did the majority of the typing and corrections to the manuscript. Other word processing operators who helped produce the text include Cheryl Ward, Maria Romeo, Karen Reid, and Christina Stewart. Paul Nystedt and Peggy Frank drew the cross sections. Carmen Cadrin produced the first draft of the species list; Anne Heitkamp helped review it. George Reynolds compiled the climate data and produced the diagrams. David Izard did the computer graphics used in this publication. Dave Butcher, of T.D. Mock and Associates, prepared the vegetation diagrams. Georgina Montgomery provided a final edit of the manuscript and Beth Collins typeset the document. Therese Britton was responsible for paste-up and production of many figures.

We greatly appreciate everyone's help.

## **AUTHORS AND AFFILIATIONS**

**Rick Annas**, Consulting Ecologist, #7-10841-135 Street, Edmonton, Alta. T5M 1J8

**Tom Braumandl**, Regional Ecologist, Nelson Forest Region, B.C. Ministry of Forests, 518 Lake Street, Nelson, B.C. V1L 4C6

**Steve Chatwin**, Hydrologist and Manager of Fish/Forestry Program, Research Branch, B.C. Ministry of Forests, 31 Bastion Square, Victoria, B.C. V8W 3E7

**Ray Coupé**, Ecologist, Cariboo Forest Region, B.C. Ministry of Forests, 540 Borland Street, Williams Lake, B.C. V2G 1R8

**Craig DeLong**, Ecologist, Prince George Forest Region, B.C. Ministry of Forests, 1011-4th Avenue, Prince George, B.C. V2L 3H9

**Dennis Demarchi**, Habitat Classification Specialist, Wildlife Branch, B.C. Ministry of Environment, 780 Blanshard Street, Victoria, B.C. V8V 1X5

**Wayne Erickson**, Range Development Agrologist, Prince Rupert Forest Region, B.C. Ministry of Forests, Bag 5000, Smithers, B.C. VOJ 2N0

**Evelyn Hamilton**, Ecologist, Research Branch, B.C. Ministry of Forests, 31 Bastion Square, Victoria, B.C. V8W 3E7

**Bill Harper**, Habitat Inventory and Enhancement Specialist, Wildlife Branch, B.C. Ministry of Environment, 780 Blanshard Street, Victoria, B.C. V8V 1X5

**Graeme Hope**, Consulting Soil Scientist, 1193 Wildwood Drive, Kamloops, B.C. V2C 5E1

**Maureen Ketcheson**, Consulting Ecologist, J.M.J. Holdings Inc., Box 784, Nelson, B.C. V1L 5P9

**Karel Klinka**, Ecologist and Associate Professor, V.J. Krajina Chair in Silvics and Silviculture, Department of Forest Sciences, Faculty of Forestry, University of British Columbia, #270 - 2357 Main Mall, Vancouver, B.C. V6T 1W5

**Dennis Lloyd**, Regional Ecologist, Kamloops Forest Region, B.C. Ministry of Forests, 515 Columbia Street, Kamloops, B.C. V2C 2T7

**Andy MacKinnon**, Ecologist and Manager of Ecology Program, Research Branch, B.C. Ministry of Forests, 31 Bastion Square, Victoria, B.C. V8W 3E7

**Del Meidinger**, Ecologist and Provincial Correlator, Ecosystem Classification Program, Research Branch, B.C. Ministry of Forests, 31 Bastion Square, Victoria, B.C. V8W 3E7

**Bob Mitchell**, Regional Pedologist, Kamloops Forest Region, B.C. Ministry of Forests, 515 Columbia Street, Kamloops, B.C. V2C 2T7

**Alison Nicholson**, Ecologist and Radio Personality, Research Branch, B.C.  
Ministry of Forests, 31 Bastion Square, Victoria, B.C. V8W 3E7

**Fred Nuszdorfer**, Regional Ecologist, Vancouver Forest Region, B.C. Ministry of  
Forests, 4595 Canada Way, Burnaby, B.C. V5G 4L9

**Jim Pojar**, Forest Science Officer and Ecologist, Prince Rupert Forest Region, B.C.  
Ministry of Forests, Bag 5000, Smithers, B.C. VOJ 2N0

**Ordell Steen**, Regional Ecologist, Cariboo Forest Region, B.C. Ministry of Forests,  
540 Borland Street, Williams Lake, B.C. V2G 1R8

**Andy Stewart**, Wildlife Habitat Technician, Wildlife Branch, B.C. Ministry of  
Environment, 780 Blanshard Street, Victoria, B.C. V8V 1X5

**Greg Utzig**, Consulting Ecologist, Kutenai Nature Investigations Ltd., 602  
Richards Street, Nelson, B.C. V1L 5K5

**Brian Wikeem**, Range Scientist, Research Branch, B.C. Ministry of Forests, 3015  
Ord Road, Kamloops, B.C. V2B 8A9

## TABLE OF CONTENTS

ACKNOWLEDGEMENTS .....	iii
AUTHORS AND AFFILIATIONS .....	iv
Chapter 1 <b>Introduction</b> — J. Pojar and D. Meidinger .....	1
Chapter 2 <b>Concepts</b> — J. Pojar, D. Meidinger, and K. Klinka .....	9
Chapter 3 <b>British Columbia: The Environmental Setting</b> — J. Pojar and D. Meidinger .....	39
Chapter 4 <b>Resource Values</b> — A. MacKinnon, W.L. Harper, S. Chatwin, and B.M. Wikeem .....	69
Chapter 5 <b>Coastal Douglas-fir Zone</b> — F.C. Nuszdorfer, K. Klinka, and D.A. Demarchi .....	81
Chapter 6 <b>Coastal Western Hemlock Zone</b> — J. Pojar, K. Klinka, and D.A. Demarchi .....	95
Chapter 7 <b>Mountain Hemlock Zone</b> — J. Pojar, K. Klinka, and D.A. Demarchi .....	113
Chapter 8 <b>Bunchgrass Zone</b> — A. Nicholson, E. Hamilton, W.L. Harper, and B.M. Wikeem .....	125
Chapter 9 <b>Ponderosa Pine Zone</b> — G.D. Hope, D.A. Lloyd, W.R. Mitchell, W.R. Erickson, W.L. Harper, and B.M. Wikeem .....	139
Chapter 10 <b>Interior Douglas-fir Zone</b> — G.D. Hope, W.R. Mitchell, D.A. Lloyd, W.R. Erickson, W.L. Harper, and B.M. Wikeem .....	153
Chapter 11 <b>Interior Cedar — Hemlock Zone</b> — M.V. Ketcheson, T.F. Braumandl, D. Meidinger, G. Utzig, D.A. Demarchi, and B.M. Wikeem .....	167
Chapter 12 <b>Montane Spruce Zone</b> — G.D. Hope, W.R. Mitchell, D.A. Lloyd, W.L. Harper, and B.M. Wikeem .....	183
Chapter 13 <b>Sub-Boreal Pine — Spruce Zone</b> — O. Steen and D.A. Demarchi .....	195
Chapter 14 <b>Sub-Boreal Spruce Zone</b> — D. Meidinger, J. Pojar, and W.L. Harper .....	209
Chapter 15 <b>Engelmann Spruce — Subalpine Fir Zone</b> — R. Coupé, A.C. Stewart, and B.M. Wikeem .....	223
Chapter 16 <b>Boreal White and Black Spruce Zone</b> — C. DeLong, R.M. Annas, and A.C. Stewart .....	237
Chapter 17 <b>Spruce — Willow — Birch Zone</b> — J. Pojar and A.C. Stewart	251
Chapter 18 <b>Alpine Tundra Zone</b> — J. Pojar and A.C. Stewart .....	263

Chapter 19 <b>Non-tidal Wetlands</b> — J. Pojar .....	275
Appendices .....	281
General References .....	295
Selected References .....	298

## TABLES

1. Relative soil moisture regime classes and characteristics .....	15
2. Classification of actual soil moisture regimes .....	16
3. Differentia and examples for classifications and categories of Biogeoclimatic Ecosystem Classification .....	20
4. Climatic characteristics for the biogeoclimatic zones of British Columbia	56
5. Occurrence of trees in the biogeoclimatic zones of British Columbia .....	59
6. Volume of all wood products billed in fiscal year 1988-89, by species .....	71
7. Domestic water sources in British Columbia .....	72
8. Population served by watersheds of different sizes .....	73
9. Biogeoclimatic zones used for livestock grazing in British Columbia, by Forest Region .....	75
10. Recreational use of federal parks, provincial parks, and B.C. Ministry of Forests recreation sites and trails .....	76
11. Selected wildlife species in the Coastal Douglas-fir zone .....	89
12. Synopsis of subzones in the Coastal Western Hemlock zone (CWH) .....	100
13. Means and standard deviations (in parentheses) of selected climatic characteristics for CWH subzones .....	102
14. Selected wildlife habitats and species in the Coastal Western Hemlock zone .....	106
15. Synopsis of subzones in the Mountain Hemlock zone (MH) .....	117
16. Selected wildlife habitats and species in the Mountain Hemlock zone .....	122
17. Synopsis of subzones in the Bunchgrass zone (BG) .....	130
18. Selected wildlife habitats and species in the Bunchgrass zone .....	133
19. Synopsis of subzones in the Ponderosa Pine zone (PP) .....	143
20. Selected wildlife habitats and species in the Ponderosa Pine zone .....	147
21. Synopsis of subzones in the Interior Douglas-fir zone (IDF) .....	157

22. Selected wildlife habitats and species in the Interior Douglas-fir zone .....	163
23. Synopsis of subzones in the Interior Cedar — Hemlock zone (ICH) .....	171
24. Selected wildlife habitats and species in the Interior Cedar — Hemlock zone .....	177
25. Synopsis of subzones in the Montane Spruce zone (MS) .....	187
26. Selected wildlife habitats and species in the Montane Spruce zone .....	192
27. Synopsis of subzones in the Sub-Boreal Pine — Spruce zone (SBPS) .....	199
28. Selected wildlife habitats and species in the Sub-Boreal Pine — Spruce zone .....	205
29. Synopsis of subzones in the Sub-Boreal Spruce zone (SBS) .....	213
30. Selected wildlife habitats and species in the Sub-Boreal Spruce zone .....	218
31. Synopsis of subzones in the Engelmann Spruce — Subalpine Fir zone (ESSF) .....	227
32. Selected wildlife habitats and species in the Engelmann Spruce — Subalpine Fir zone .....	233
33. Synopsis of subzones in the Boreal White and Black Spruce zone (BWBS)	241
34. Selected wildlife habitats and species in the Boreal White and Black Spruce zone .....	246
35. Selected wildlife habitats and species in the Spruce — Willow — Birch zone .....	260
36. Selected wildlife habitats and species in the Alpine Tundra zone .....	272

## FIGURES

1. Edatopic grid of soil moisture and nutrient regimes .....	14
2. Relationships between site properties and soil nutrient regime .....	17
3. Levels of integration in the classification system .....	18
4. Schematic relations between zonal and site classifications .....	19
5. Categories and relationships of vegetation, zonal, and site classifications	19
6. System of naming and coding subzones .....	23
7. Relationship between ecoregion and biogeoclimatic classification .....	31

8. Relationship of biogeoclimatic units to ecosection units in the Fraser Plateau Ecoregion .....	32
9. Generalized physiographic regions of British Columbia .....	41
10. Biogeoclimatic zones of British Columbia .....	52
11. Eight representative cross sections of biogeoclimatic zones .....	53
12. Zonal vegetation of the biogeoclimatic zones of British Columbia .....	61
13. Explanation of climatic diagrams .....	63
14. Tree species silhouettes used in schematic slope diagrams .....	64
15. Coastal Douglas-fir zone .....	83
16. Representative climatic diagram for the Coastal Douglas-fir zone .....	83
17. Simplified schematic diagram of topographic relationships among four common site associations of the Coastal Douglas-fir zone .....	85
18. Coastal Western Hemlock zone .....	97
19. Representative climatic diagram for the Coastal Western Hemlock zone ...	97
20. Zonal vegetation of subzones of the Coastal Western Hemlock zone .....	101
21. Simplified schematic diagram of topographic relationships among four common site associations in a dry, maritime subzone of the Coastal Western Hemlock zone .....	103
22. Mountain Hemlock zone .....	115
23. Representative climatic diagram for the Mountain Hemlock zone .....	115
24. Zonal vegetation of subzones of the Mountain Hemlock zone .....	118
25. Simplified schematic diagram of topographic relationships among four common site associations in a forested, maritime subzone of the Mountain Hemlock zone .....	119
26. Bunchgrass zone .....	127
27. Representative climatic diagram for the Bunchgrass zone .....	127
28. Zonal vegetation of subzones of the Bunchgrass zone .....	130
29. Simplified schematic diagram of topographic relationships among common site associations of the Bunchgrass zone .....	131
30. Ponderosa Pine zone .....	141
31. Representative climatic diagram for the Ponderosa Pine zone .....	141
32. Zonal vegetation of subzones of the Ponderosa Pine zone .....	143

33. Simplified schematic diagram of topographic relationships among four common site associations of a very dry, hot subzone of the Ponderosa Pine zone .....	145
34. Interior Douglas-fir zone .....	155
35. Representative climatic diagram for the interior Douglas-fir zone .....	155
36. Zonal vegetation of subzones of the Interior Douglas-fir zone .....	158
37. Simplified schematic diagram of topographic relationships among four common site associations of a dry, cool subzone of the Interior Douglas-fir zone .....	160
38. Interior Cedar — Hemlock zone .....	169
39. Representative climatic diagram for the Interior Cedar — Hemlock zone .....	169
40. Zonal vegetation of subzones of the Interior Cedar — Hemlock zone .....	172
41. Simplified schematic diagram of topographic relationships among four common site associations of a moist, warm subzone of the Interior Cedar — Hemlock zone .....	174
42. Montane Spruce zone .....	185
43. Representative climatic diagram for the Montane Spruce zone .....	185
44. Zonal vegetation of subzones of the Montane Spruce zone .....	188
45. Simplified schematic diagram of topographic relationships among four common site associations of a dry, mild subzone of the Montane Spruce zone .....	189
46. Sub-Boreal Pine — Spruce zone .....	197
47. Representative climatic diagram for the Sub-Boreal Pine — Spruce zone .....	197
48. Zonal vegetation of subzones of the Sub-Boreal Pine — Spruce zone .....	200
49. Simplified schematic diagram of topographic relationships among four common site associations of a dry subzone of the Sub-Boreal Pine — Spruce zone .....	202
50. Sub-Boreal Spruce zone .....	211
51. Representative climatic diagram for the Sub-Boreal Spruce zone .....	211
52. Zonal vegetation of subzones of the Sub-Boreal Spruce zone .....	214
53. Simplified schematic diagram of topographic relationships among four common site associations of a moist, cool subzone of the Sub-Boreal Spruce zone .....	215

54. Engelmann Spruce — Subalpine Fir zone .....	225
55. Representative climatic diagram for the Engelmann Spruce — Subalpine Fir zone .....	225
56. Zonal vegetation of forested subzones of the Engelmann Spruce — Subalpine Fir zone .....	228
57. Simplified schematic diagram of topographic relationships among four common site associations of a wetter subzone of the Engelmann Spruce — Subalpine Fir zone .....	230
58. Boreal White and Black Spruce zone .....	239
59. Representative climatic diagram for the Boreal White and Black Spruce zone .....	239
60. Zonal vegetation of forested subzones of the Boreal White and Black Spruce zone .....	242
61. Simplified schematic diagram of topographic relationships among four common site associations of the Boreal White and Black Spruce zone .....	243
62. Spruce — Willow — Birch zone .....	253
63. Representative climatic diagram for the Spruce — Willow — Birch zone ...	253
64. Simplified schematic diagram of topographic relationships among four common site associations of a lower, forested subzone of the Spruce — Willow — Birch zone .....	257
65. Alpine Tundra zone .....	265
66. Representative climatic diagram for the Alpine Tundra zone .....	265
67. Simplified schematic diagram of topographic relationships among four common site associations of a northern subzone of the Alpine Tundra zone .....	269

## APPENDICES

1. Preliminary list of site associations in British Columbia .....	281
2. List of plant species .....	289
