Notes:

Totals may not add due to rounding

¹ Includes all harvesting on Crown, private and federal lands and First Nations reserves.

² Other species include whitebark pine, yellow pine and yew. Also includes waste and firwood rejects of all species.

³ North Coast District was moved from Prince Rupert Region to Vancouver Region October 1, 2002. This table allocates North Coast District harvest accordingly.

* Indicates volume of less than 500 cubic metres.
